Welcome to grovve on Gathertown! 🌱😊

grovve is a space for you to explore wellness, learn ways to take care of your mental well-being and reach out when you need support, at your own pace. We want this virtual space to feel welcoming, respectful, and safe. Everyone who enters has a part to play in making that happen!

By entering grovve on GatherTown, you agree to follow our SPACE Code. Please read the Code before entering. If you do not agree to follow it, please leave the space.

⚠️ Before you enter ⚠️

- ❑ **Age and Access:** Entry is for people aged 13 and above.
  - Youths aged 13–25 may participate and explore during approved sessions.
  - Visitors aged 26 and above may attend an approved brief guided tour only and must leave when it ends. Age is self-declared and is not independently verified.
- ❑ **Camera and microphone:** These are optional, but all use must follow the SPACE Code.
- ❑ **Privacy:** This is a shared online space, so please be mindful of what you share and how you interact with others. Avoid sharing sensitive personal information and respect others' privacy and boundaries. Online anonymity and confidentiality cannot be guaranteed.
- ❑ **Safety and moderation:** grovve staff may intervene, end an interaction, remove a user or restrict access where necessary and technically possible to protect visitors and staff.
- ❑ **Not a crisis service:** If you need urgent help, contact emergency services or an appropriate crisis support service.

By entering grovve on GatherTown, you agree to follow our SPACE Code. If the Code is not followed, grovve staff reserve the right to take appropriate action to prevent harm, harassment or disruption. Serious breaches may result in immediate removal.

Thank you for helping us make grovve a welcoming and safer space for everyone!

🛟 S – Safety 🛟

We keep the space safe for everyone here.

1. Use your camera and microphone appropriately
    - Turning on your camera or microphone is optional. You will not be required to turn them on to explore grovve.
    - If you choose to turn on your camera, remain appropriately dressed.
        - Do not display nudity, sexual content, sexually suggestive behaviour, violence, dangerous acts or anything intended to shock, frighten or threaten others.
    - Do not use your microphone to make threats, shout at others to intimidate them, play disturbing sounds or deliberately disrupt activities.
    - If a guide asks you to turn off your camera or microphone because of a safety concern, please do so immediately.
2. No harmful or inappropriate content
    - Do not display, share, promote or encourage pornography, sexual content, violence, threats, bullying, discrimination, illegal activity or any other behaviours that encourages harm. This applies to your camera, microphone, messages, username, avatar, shared content and interactions throughout the space.
3. Respect personal space
    - Do not repeatedly follow, crowd, block or corner another person's avatar, interfere with their exploration, or persistently approach them after they have asked you to stop.
    - Respect requests for space and follow instructions from grovve guides.
4. Use the virtual space as intended
    - Do not deliberately interfere with guided tours, misuse interactive features, block access to areas, repeatedly disrupt conversations or attempt to access staff-only or restricted areas without permission.
5. **Remember that grovve is not a crisis service**
    - Gathertown is not an emergency service or a substitute for professional support. grovve guides can explain grovve's services and direct you towards appropriate resources, but they may not be able to provide immediate or ongoing support. If you or someone else is in immediate danger, seek help from emergency services or a trusted person who can assist you in person.
    - Resources
        - 1️⃣ SOS [For crisis]
            - 📌 24/7 CareText (WhatsApp): 9151 1767
            - 📌 24/7 Hotline: 1767
        - 2️⃣ national mindline 1771 [Not an emergency hotline. 1771 provides anonymous mental health support, whether you're seeking advice or brief counselling]
            - 📌 24/7 Helpline: 1771
            - 📌 24/7 WhatsApp: +65 6669 1771

- 📌 24/7 Webchat: mindline.sg/fsmh

- If you or someone else is in immediate danger, please call 995/999. If you are unable to keep yourself safe, you can also head down to your nearest A&E hospital.

🤝🏻 **P – Peer-mindedness** 🤝🏻

We welcome and respect all in grovve.

1. Treat everyone with respect
    - Do not insult, bully, harass, threaten, humiliate or discriminate against anyone. This includes comments about someone's identity, appearance, background, beliefs, experiences or circumstances.
2. Respect boundaries and consent
    - Do not pressure anyone to turn on their camera or microphone, speak, participate in an activity, answer personal questions or share their experiences. If someone says no, asks you to stop, moves away or chooses not to respond, respect their decision.
3. Keep interactions appropriate
    - Do not use grovve to make unwanted romantic or sexual advances, send sexually suggestive messages, solicit intimate images or pressure others into personal relationships. Do not use the space to groom, manipulate, intimidate or exploit another person.
4. Do not impersonate or mislead others
    - Do not pretend to be a grovve staff member, another visitor or another person in a way that misleads others. Do not use usernames, avatars or profile content to deceive, threaten or target anyone.
    - Know who you are speaking with. Official workers use display names identifying their organisation, approved name and role. For example, SHINE – NAME– grovve guide.
        i. A display name alone does not verify someone’s identity. If you are unsure whether a worker or request is genuine, pause the conversation and check through the official verification channel displayed at the entrance before sharing personal information.
        ii. Official workers will not ask for your passwords, ask you to move to their personal messaging or social media accounts, or arrange private meetings outside approved service arrangements.
5. Respect the purpose of the space
    - grovve on Gathertown is intended for guided virtual tours, independent exploration of grovve's virtual environment, learning about wellness and discovering support options. Do not use it to solicit money, advertise products or services, recruit people into unrelated groups, or organise activities unrelated to its purpose.

📝 A – Accountability 📝

We own our actions.

1. Be honest about your age and follow the access arrangements
    - Entry is for people aged 13 and above. grovve's youth activities and independent exploration are intended for youths aged 13–25 during approved sessions.
    - Visitors aged 26 and above may enter only for a brief guided tour. Please remain with your guide and leave when the tour ends.
    - Declare your age range honestly and follow the guide's instructions. Age is self-declared and may not be independently verified.
2. Choose an appropriate username and avatar
    - Use a name and avatar suitable for a youth-friendly space. Do not use sexual, threatening, discriminatory or offensive content, impersonate others, or include another person's identifying information.
3. Do not spam or disrupt
    - Do not repeatedly send irrelevant messages, flood the chat, make disruptive noises, misuse interactive features or deliberately interfere with other visitors' activities. If a guide asks you to stop, stop.
4. Follow reasonable staff instructions
    - grovve guides may intervene when behaviour breaches the Code or raises a safety concern. You are expected to stop the behaviour and follow instructions to pause an activity, turn off your camera or microphone, move away or leave the space.
5. Take responsibility for your actions
    - Do not retaliate against someone who raises a concern, continue the behaviour using another account, or attempt to evade a moderation decision. If you disagree with a decision, you may raise your concern respectfully through the designated grovve contact channel.
6. Understand the consequences
    - Depending on the nature, severity and frequency of the behaviour, grovve staff may issue a reminder or warning, end an interaction, remove you from the space or restrict your access where the platform allows. Serious misconduct or an immediate safety concern may result in immediate removal without a prior warning.

💚 C – Compassion 💚

We look out for one another.

1. Be considerate
    - Everyone has different experiences and comfort levels. Do not mock, shame, blame, pressure or make assumptions about another person's circumstances or reasons for visiting grovve.
2. Do not pressure others to disclose personal information
    - No one is required to share their personal story, explain why they are seeking support or answer questions about their mental health. Ask only what is appropriate and respect a person's choice not to respond.
3. Protect privacy
    - Share only what you feel comfortable sharing. You are not expected to disclose personal experiences or identifying details to participate.
    - Visitors should avoid sharing sensitive personal information in public chat or shared conversation areas
4. Do not record or redistribute others' interactions
    - Do not screenshot, photograph, record, livestream or redistribute another person's conversations, camera feed or interactions without the required permission. Never share another person's personal or sensitive information. Do not use anything observed in grovve to embarrass, threaten or target someone elsewhere.
5. Do not solicit private contact
    - Do not pressure others to exchange contact details, move to private messaging, connect on social media or meet in person. Do not use grovve to arrange private meetings with other visitors. If you choose to connect with someone elsewhere, understand that these interactions are outside grovve's supervision.
6. Speak up if something feels wrong
    - If another person's behaviour makes you uncomfortable or unsafe, move away if possible and alert a grovve guide. You do not need to confront the person yourself. grovve guides will assess the concern and respond within their role and available capabilities.
7. Understand the limits of privacy
    - Please respect everyone's privacy, but do not assume that Gathertown is completely anonymous or that information shared online can be kept entirely confidential.

- Where a serious safety concern arises, grovve may need to share relevant information with appropriate people or services in line with its safeguarding procedures and applicable requirements.

💪 **E – Empowerment** 💪

We can shape our own wellness journey.

1. Explore at your own pace
    - You can follow a guided tour, explore available areas independently, ask questions or leave when you wish. You are not required to turn on your camera or microphone to participate.
2. Make choices that feel right for you
    - You can learn about grovve's services and resources without sharing personal experiences or committing to seek support. You are welcome to ask questions and decide on your next steps in your own time.
3. Respect other people's choices
    - Do not pressure anyone to accept advice, seek a particular service, disclose information or participate in activities. Everyone has the right to make their own decisions.
4. Know what our guides can offer
    - grovve guides can introduce the space, answer questions about grovve and direct you towards relevant resources or support options. Gathertown is not a counselling service or crisis response channel.
5. Take your next step when you are ready
    - If you would like to find out more about grovve or explore support, a guide can direct you to grovve's physical space, Digital Concierge or other appropriate services.
